

IN THE KNOW.....

Have you ever asked yourself, “Why is our food service department so great?” Well, we’d like to answer that burning question that keeps you up at night. We can attribute most of our success to our wonderful food service team. We have over 70 team members that come to work each day throughout the school year to do whatever it takes to make sure your kiddos get healthy meals. Our team not only nourishes your child, they also make connections with them. They try to make an impression on each child that comes through our lunch lines.

We offer breakfast every day at each school. At the high school, students can either go down to the cafeteria or stop in at the Well 2.0 and choose from a variety of breakfast options. Our secondary and elementary schools offer breakfast at no charge each day. Most of our schools are opting to serve breakfast in the classroom.

Our program follows the offer versus serve guidelines. This means students can choose what to eat from the options available. However, students must choose a fruit or a vegetable at lunch or they will be charged ala carte pricing. To learn more about offer versus serve, check out the link:

We have a pre-paid meal account procedure, which means you can pay in advance for all food purchases. We highly recommend doing this and keeping tabs on the meal account through Family Access. Every school can accept checks or cash. If you prefer to pay with a card, set up an account through EFunds: <https://eps.mvpbanking.com/cgi-bin/efs/login.pl?access=56070> You can even choose to automatically reload your account when the balance gets low. In the event that you forget to send money, we do have a charge policy at all schools.
